

Name _____

Fifth Grade Science

Atoms	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Atomic Number	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Acid	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Base	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Chemical Change	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Compound	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Concentration	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Density	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Electron	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Element	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Energy	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Evaporation	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Gas	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Liquid	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Mass	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Matter	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Metal	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Mixture	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Molecule	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Neutron	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Nucleus	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Physical Change	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Plasma	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Product	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Proton	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Reactant	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Solid	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Soluble	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Solution	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Solvent	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Substance	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Volume	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:		

Weight	My Definition:	
Graphic Representation		Examples/Explanations:
Official Definition:
